

Greetings everybody --- Well the show season has been and gone, some of our members did well throughout the season, many of us will be trying different combinations of bird pairings to give ourselves a better chance at next years show season.

After the recent earthquakes, I wonder if breeders have thought of having water set aside in containers for their birds, should the big one occur --- not just for yourselves but for your birds as well !

This coming monthly meeting is our AGM, to be held at Te Kairanga House, but if there is a sudden change of venue you will be redirected by a committee member to the Petone Working Mens Club on the night [see details below]

We the committee are at present still looking at alternative meeting venues for the rest of the year, you will be informed of details later.

**What will happen in the interim if you are redirected:** is that we will hold our meeting at the Petone Working Mens Club in Udy Street, Petone --- there is plenty of room in the middle section [through the glass doors] downstairs area, to hold a meeting on a Monday night,

[There is plenty of parking both inside the PWM club grounds and/or just outside on Udy Street. --- the Reception area entrance is at the eastern end of the building.]

However those of you that are not members to the PWM club you will have to sign in, so come to reception and ask them to call one of us to reception to sign you in. You don't need to say you are here for the Bird Club meeting as it could complicate things, but rather you can ask for either Rex Baker, Graham Price, Phyllis Pogson or Alan Ivey and the receptionist will hail one of us over the speaker system to come to reception as " you have a visitor"

At this point in time, this is only a possible temporary measure until we have a permanent venue organised. anyway we will have our AGM at our normal venue at Te Kairanga House [subject to the sale of Te Kairanga House.]
